**The world of manufacturing, production, logistics and supply chain is changing. To survive and thrive, you need to invest in Industry 4.0.**

**The opportunities are endless.** However, its having the right approach, setup and support that will enable you to take full advantage.

**FOUR.POINT.ZERO | SMART** is a focused, informative event designed for organisations who have already or are about to start their 4.0 journey.

Brought to you by modern business experts, **Cusken Sync IT**, the event will explore how your journey to 4.0 can be stable, secure and supported, and most importantly - **smart**.

If modern manufacturing, automation, robotics and A.I are a part of your future, this event is not to be missed!

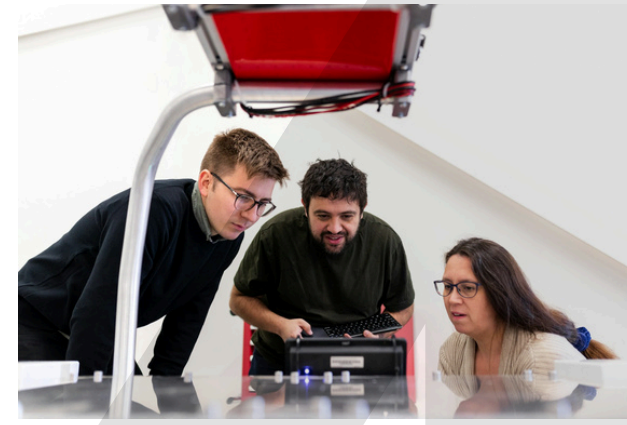

**Come join us and take full advantage of your journey.**

**18.09.2024 @ 17.00 pm - 19.15 pm**

**=SMART.**

## Stabilising Industry 4.0

With continued advancements in robotics, automation, A.I. and smart manufacturing and production, the timing has never been better to gain that competitive edge.

Our “4.0 Stable” section will explore sweating and stabilising legacy investments in hardware, software and infrastructure and how the 4.0 future is best built on solid foundations.

## Securing Industry 4.0

The opportunities might be endless. However, its careful planning and due diligence that will get you there faster. Our “4.0 Secure” section features a **real-life peer experience** of adopting and securing platforms and infrastructure during a period of transformation.

## Supporting Industry 4.0

Being an innovator often means charting the uncharted, pushing boundaries and challenging convention. That doesn't mean you're on your own!

Our “4.0 Support” section will outline a number of supports available to you including key supports and services available from the AMTCE in Dundalk.

Four.Point.Zero | Smart - Agenda & Format

# 17.00 | Registration

Network with industry peers over evening refreshments

RSVP to [info@cuskensyncit.ie](mailto:info@cuskensyncit.ie) by 06.09.2024

4.0  
Stable

**Stability** is central. Allison Cooney, Technical Director, Cusken Sync IT, will explore how providing a rock-solid foundation is key to enable organisations to build their future.

4.0  
Secure

**Security** is critical. Hear a real-life, peer-led story and learnings of 4.0 transformation and innovation. Special guest speaker includes Ciaran Quinn, Head of Operations at Nestbox Egg Company / Golden Irish.

4.0  
Supported

**Support** is core. Learn all about training opportunities and supports available to help you and your organisation fast-track Industry 4.0 with the session delivered by Aoife McDaid, Training Manager, AMTCE.
